NFC is excited to offer you a comprehensive email subscription service that allows YOU to choose what information you wish to receive from NFC and customize how often you receive it. This new subscription service will offer you extensive choice ensuring that you can receive information that is specifically tailored to your needs and interests.

With this new service you will be able to:

- Create a Customized User Profile** of information you wish to receive from across NFC for all topics of interest (e.g., product offerings, payroll updates, procedure manuals, newsletters, publications, customer notification, etc.). This new service offers a single profile for e-mail subscriptions per subscriber instead of requiring you to join disparate lists.
- Control Your Profile** with the freedom to change or update email addresses, sign up for new items, or unsubscribe at any time.
- Receive Timely Communication** through this automated service.

**Trust the Communication Source** because this service employs a certified email capability which provides a special "trusted email" marker in emails sent to major ISPs such as Yahoo! and AOL. This means we can ensure reliable delivery of message to your email inbox in a proven, secure manner.

**Already a Subscriber?**

Update your subscriptions, modify your password or e-mail address, or stop subscriptions at any time on your **Subscriber Preferences Page**. You will need to use your e-mail address to log in. If you have questions or problems with the subscription service, please contact [support@govdelivery.com](mailto:support@govdelivery.com).

If you have questions about NFC's Email Subscription Service, contact the Publications and Communications Branch at [nfc.pvct@usda.gov](mailto:nfc.pvct@usda.gov).
